2018 CSA (Community Supported Flowers) Membership

Why OUR CSF?

Bouquets/Buckets: We carefully select a wide variety of seasonal flower seeds for creating unique, aromatic arrangements. **Sustainability:** Bouquets are picked on or before the day you receive them. **Health for Mind and Soil:** Our flowers are grown organically without pesticides in fertile soil resulting in healthy, fresh beautiful bouquets.

Support Local Flowers: Through a CSF, your dollars go directly towards strengthening and sustaining a small farm. Our farm at TALMAR also provides programs and services for individuals with disabilities. Your membership helps us to purchase seeds and supplies. The majority of these funds goes back into our programs! Get to know the farm and farmers. See where and how your flowers are grown.

FLOWERS: TALMAR is known for our specialty cut flowers, organically grown in diversity in our hoop houses and in the fields. We sell to the largest food retailers, wholesale and retail florists. Avoid the mark up and add a fresh medium sized bouquet or bucket of stem cuts (12- 14 inches @ 35-40 stems) to your WEEKLY produce!

STAFF AND OUR GROWERS: *Our organization's mission is to involve individuals with disabilities to take part in some aspect of our farm. Those picking, cutting, and arranging your shares are individuals who wish to learn new career skills while focusing on their individual rehabilitative goals.*

***Please complete the form below and submit by mail to: TALMAR CSF
